COVID-19 (novel coronavirus) update

As a valued member of the Sundale community, I wanted to provide you with an update and outline Sundale’s current approach to managing the COVID-19 situation.

After 1am AEST, Tuesday, 22 December, Queensland residents who have been in a [declared hotspot](#) (currently Greater Sydney) since 11 December:

- Must apply for a [Queensland Border Declaration Pass](#) before entering Queensland;
- Can only enter Queensland by air and will be directed to [quarantine in government arranged accommodation](#).

Queenslanders returning from NSW that have **not** been in a [declared hotspot](#) (currently Greater Sydney) since 11 December:

- Must apply for a [Queensland Border Declaration Pass](#) before entering Queensland;
- Can enter Queensland by any mode of transportation.

Hotspots are places in Australia or safe travel zone countries where health officials have found a lot of people with COVID-19, or places that are at risk of a lot of COVID-19 infections. Hotspots are legally listed so that people travelling from those high-risk areas into Queensland can be identified.

From 1am AEST Monday 21 December 2020, [35 New South Wales LGAs](#) are considered COVID-19 hotspots.

Find out more about the current [Queensland border restrictions](#).

Last week, Queensland Health issued a [Health Alert](#) following news a New South Wales woman visited the Sunshine Coast while infected with COVID-19.

Anyone who has been in these venues at these dates and times should monitor their health and if they develop any COVID-19 symptoms, even mild, get tested and isolate until they receive their test results.

- Small bottles of hand sanitiser, which are now available upon entry;
- Antibacterial wipes;
- Maximum room and floor capacity signs, which remind residents and visitors of the importance of social distancing and the maximum amount of people allowed in each room.

To help protect the health and wellbeing of all residents and to minimise the threat of COVID-19 entering a Sundale Retirement Community, it's essential residents and visitors thoroughly clean and disinfect all surfaces at the conclusion of all gatherings in a Sundale Clubhouse.

Sundale will also methodically clean and disinfect all Clubhouses once a week.

Finally, [Queensland's COVID Safe Future](#) remains in place. As at noon 14 December 2020:

Yours sincerely,
