COVID-19 (novel coronavirus) update

As a valued member of the Sundale community, I wanted to provide you with an update and outline Sundale's current approach to managing the COVID-19 situation.

SEQ RESTRICTIONS

As per a Queensland Government Directive, stay-at-home orders will end at 6pm tonight (2 July 2021) for Noosa, Sunshine Coast, Gold Coast, Ipswich, Logan Redlands, Lockyer Valley, Somerset and Townsville.

However, restrictions will remain in place for the next two weeks, including the wearing of masks outside of home, one person per 4 square metres, a maximum of 30 people in a home and seated eating and drinking in restaurants and cafes.

The Queensland Government has also extended lockdown restrictions in Brisbane and Moreton Bay for at least another 24 hours (until 6pm, 3 July 2021).

There are four reasons people in Brisbane and Moreton Bay can leave home:

- Essential education / work
- Essential shopping
- Healthcare / vaccination / provide care
- Exercise outdoors

TRAVEL

Despite the lifting of the stay-at-home orders (from 6pm, 2 July 2021) in Noosa, Sunshine Coast, etc., Sundale is encouraging Retirement Community residents to reconsider any travel plans to the Brisbane and Moreton Bay areas.

CONTACT TRACING

Sundale Retirement Community residents are being reminded to check the [Queensland Health](#) website daily for the latest COVID-19 information, including current contact tracing alerts and related public health advice.

Sundale Retirement Community residents who have been to any of the [listed](#) exposure venues at the relevant times, must follow the health advice and contact Sundale Retirement Villages Manager, Leigh Kersnovske (0448 560 331 or leigh.kersnovske@sundale.org.au) immediately.

CLUBHOUSES / HUBS

In line with the [Residential Aged Care Direction](#), Sundale's Care Centres are still classified as Restricted Residential Aged Care Facilities.

As such, Sundale's Clubhouses / Hubs will remain until closed until at least Monday (5 July 2021).

Sundale will continue to work with Queensland Health and make responsible, considered decisions to help minimise the threat of COVID-19 entering Sundale.

Yours sincerely,
