COVID-19 (novel coronavirus) update

As a valued Sundale team member, I wanted to provide you with an update and outline Sundale's current approach to managing the COVID-19 situation.

SUNDALE CARE CENTRES — NEW RESTRICTIONS

Queensland Health has declared the Brisbane City Council area and Moreton Bay Regional Council area [Restricted Areas](#) for the purposes of the [Residential Aged Care Direction \(No.9\)](#).

Sundale team members who live in the Brisbane City Council area and Moreton Bay Regional Council area must notify their manager immediately (prior to entering any Sundale facility or building).

In line with [Queensland's COVID Safe Future roadmap](#), from 10am, Tuesday 28 September, anyone who lives in the Brisbane City Council area and Moreton Bay Regional Council area, or is a close contact, is in quarantine, isolating awaiting a test result, or who in the past 14 days has been in a declared interstate hotspot or exposure venue of concern, **must not visit any Queensland residential aged care facility (except employees or contractors of the residential aged care facility – as per [Residential Aged Care Direction \(No.9\)](#)).**

CONTACT TRACING

Sundale team members are being reminded to check the [Queensland Health](#) website prior to any shift for the latest COVID-19 information, including current contact tracing alerts.

This recommendation acknowledges the evolving COVID-19 situation in Queensland.

Sundale team members who have been to any of the [listed](#) locations at the relevant times, must follow the health advice and notify their manager immediately (prior to entering any Sundale facility or building).

Sundale will continue to work with Queensland Health and make responsible, considered decisions to help minimise the threat of COVID-19 entering any Sundale facilities.

Yours sincerely,

Michelle McGowan
Executive Manager Aged Care and Community Services
