17 December 2021

COVID-19 (novel coronavirus) update

As a valued member of the Sundale community, we wanted to provide you with an update and outline Sundale's current approach to managing the COVID-19 situation.

MASKS

As of 1am tomorrow (Saturday, 18 December 2021), the Queensland Government has made masks mandatory across Queensland in the following locations:

- In shops and retail centres
- Hospitals and **aged care**
- On public transport
- In rideshare vehicles
- Airports and planes

The mask mandate will be reviewed once 90% of eligible Queenslanders are double dosed.

The current mask mandate does not include offices, including Sundale HQ.

COVID-19 RESTRICTIONS

The Queensland Government's vaccine mandate is now in place and means only fully vaccinated visitors (and those with vaccine exemptions) are permitted to enter Sundale's care centres.

From this morning visitors will be asked to show their immunisation status on arrival.

Unvaccinated people will be unable to:

- Visit vulnerable settings, including hospitals, **residential aged care**, disability care accommodation, and prisons.

There will be some exceptions for medical treatment, end-of-life visits, childbirth and emergency situations.

Sundale will continue to work with Queensland Health and make responsible, considered decisions to help minimise the threat of COVID-19 entering any Sundale facilities.

Yours sincerely,

The COVID-19 Response Team
