QUEENSLAND RESTRICTIONS AT 80% DOUBLE-DOSE VACCINATION

The State Government has confirmed that a host of restrictions will be lifted on 13 December 2021, as 80% of Queensland's eligible population will be fully vaccinated.

However, there will be restrictions on people who are not fully vaccinated.

RESTRICTIONS FOR UNVACCINATED PEOPLE

Unvaccinated people will be unable to:

- Visit vulnerable settings, including hospitals, **residential aged care**, disability care accommodation, and prisons. There will be some exceptions for medical treatment, end-of-life visits, childbirth and emergency situations.

Sundale will continue to work with Queensland Health and make responsible, considered decisions to help minimise the threat of COVID-19 entering any Sundale facilities.

Yours sincerely,

The COVID-19 Response Team
